

## Website Hosting

Our website hosting plans are simple. You will be hosted on safe and secure New Zealand based servers.

**Key Features:** 200MB of web storage (more than enough for your average 10-20 page website), Unlimited bandwidth (traffic to your site), 4 web mail accounts, FTP account if required, Spam / Virus protection, Free continuous backups, No contracts, Free setup.

- **NZ \$20 per month** for a fully managed service. We process your updates/changes to your website throughout the year. (within reason)
- **NZ \$10 per month.** You have access to update and make changes to your own website, if you have the desire/software to do so.

Please do not hesitate to contact us with any questions you may have.

Prices correct as @ June 2011.
